World Traveller Service Fair Usage ✈

Roaming in World Traveller Service (WTS) countries is subject to fair usage. We will deem users that roam in USA or Canada and consume more than 25GB of data usage in a calendar month as in breach of our fair usage policy and reserve the right to charge for excessive roamed usage and/or to restrict the bandwidth of any data connection. All other WTS countries have a fair usage allowance of 2GB per calendar month and we reserve the right to charge for excessive roamed usage.
